

New Song Anabaptist Fellowship

We believe that evangelistic effort and equipping flow naturally out of a local church model. The Greek word meta combines two meanings “with” and “after”. These words embody the promises of God as we relate to another as the Body of Christ. We have developed this word into an acronym to focus attention on four core principles.

Marketplace

Evangelistic

Transformation

After-care

New Song Anabaptist Fellowship is willing to become a catalyst for fresh vision to emerge through a net of relationships.

Marketplace Speak Team

- Basil Marin– evangelist
- Lawrence R. Yoder– teacher/preacher/ marketplace minister
- Pastors Mark Perri and Hubert Stephen advisors

ALL OF THESE OPTIONS ARE FEE BASED

Marketplace Speak

A for profit enterprise of A. Basil Marin in relationship with New Song Anabaptist Fellowship

Continuing the Anabaptist tradition of Kingdom building.

Evangelism

Growth

Teaching/Equipping

Continuing the Anabaptist tradition of Kingdom building.

What is an intentional evangelistic plan ?

Basil and Lawrence recently attended the Billy Graham School of Evangelism in Asheville NC. Our eyes were opened to the urgency and great need in our own cities and towns for the Gospel. Evangelism takes patience and if we are to be successful we need to be prayerful and intentional. Our approach brings renewal toward the marketplace as an exciting frontier for mission and sharing our faith. We want to bring new found encouragement to congregations that are sensing there is more. An Intentional Evangelistic Plan can be implemented through one of the following options:

1. A congregation sensing an awakening desires on site coaching/teaching/preaching
2. A congregation desires to initiate a new innovative approach may need encouragement through prayer support and presence
3. More than two congregations in one specific town/city desire to implement an intentional evangelistic plan through the "cities of refuge" approach.

Preparation and planning would need a time line that is specific to each request:

- option one is a pre-scheduled series with on going follow up
- option two requires several months of advance notice/scheduling and then proceeded by monitoring and annual follow up
- option three requires at least nine months to a year of advance notice and scheduling. On going monitoring and annual follow up is recommended.

Specific areas we can assist in toward intentionality:

Evangelism

- Encouraging individuals to share their testimony and lead others to Jesus
- Identify rescue teams within the congregation
- Release marketplace ministry

Growth

- Prepare the congregation for after-care nurturing and discipleship
- Plant new congregations through evangelistic outreach

Teaching/Equipping

- Specialized biblically based equipping tracks for new/mature believers
- Set the foundations as a town/city of refuge for the days ahead

A fresh review of the new testament shows that most of Paul's epistles are follow up letters to churches that arose through Spirit-led evangelism. Central to our approach is the encouragement of the after-care process of new believers within congregations and follow up via on site visit. Basil and Lawrence utilize a relational and Spirit-led approach that depends on the Holy Spirit's presence in our Bible teaching and preaching.

Options available to invite us:

- Work alongside of existing or emerging congregations in North America
- Assist in discovery of new innovative approaches toward evangelistic endeavor
- Speaking invitations centered on evangelism, marketplace and money, discipleship and servanthip
- Utilization of the Cities of Refuge approach for citywide efforts

Effects you will see of our ministry:

- Encouragement in the mobilization of strategic persons in and toward strategic cities
- Encouragement in church planting

Workplace Chaplaincy for Owners:

We are prepared to develop a prayer plan for your workplace environment. Options include a weekly service held at your business. Follow up and counseling can align for more effectiveness.

This can be an innovative approach in church planting as a "go to" strategy.
